

TOWN OF  
SOLDIER SUMMIT  
UTAH

9 June 1980

Mr. Homer Chandler, Director  
Mountainland Association of  
Governments  
Provo, Utah

Dear Mr. Chandler:

We hereby submit an application requesting financial assistance in the preparation of development regulations for the town and also technical assistance in their implementation.

As you are aware, the town is presently being pressed to approve a large subdivision project covering much of the 4,000 acres recently annexed. However, at the present time the town does not have any regulations governing the approval of subdivision developments or establishing minimum standards for controlling the quality of such projects.

It is our feeling that the program as herein outlined would provide the necessary tools to enable us to influence the impending development activity in a manner which would adequately protect the quality of development within our community and preserve the environment in the adjacent unincorporated areas of Utah, Wasatch, and Carbon Counties.

We respectfully request your favorable consideration of the proposed program. Funds for the local matching portion of the work will be available.

If there are any questions regarding the proposal, please feel free to contact us.

Very truly yours,

Don J. Chambers,  
Mayor
